

# Table of Contents

- 1 Introduction**
  - 1.1 Purpose of the Management Action Plan ..... 1-1
  - 1.2 How the Plan Was Developed..... 1-4
  - 1.3 How the Plan Is Organized ..... 1-7
  - 1.4 How the Plan Will Be Implemented ..... 1-8
  - 1.5 Bibliography..... 1-9
  
- 2 Watershed Description**
  - 2.1 Geographical Setting ..... 2-1
  - 2.2 Historical Setting..... 2-3
  - 2.3 Land Use ..... 2-6
  - 2.4 Climate, Geology, and Soils..... 2-11
  - 2.5 Hydrology, Geomorphology, and Water Quality .... 2-12
  - 2.6 Biological Resources ..... 2-18
  - 2.7 Bibliography..... 2-27
  
- 3 Watershed Community**
  - 3.1 Community Profile ..... 3-1
  - 3.2 Environmental Organizations ..... 3-4
  - 3.3 Governmental Agencies and Special Districts..... 3-6
  - 3.4 Schools ..... 3-7
  - 3.5 Community Organizations..... 3-7
  - 3.6 Recreational Community Connections ..... 3-8
  - 3.7 Educational Community Connections..... 3-11

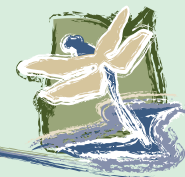

3.8 The Community's Vision for the Watershed's Future .....	3-16
3.9 Bibliography .....	3-22
<b>4 Regulatory and Planning Influences</b>	
4.1 Federal and State Environmental Laws .....	4-1
4.2 Regional Policies, Plans and Programs .....	4-4
4.3 Local Policies Plans and Regulations .....	4-6
4.4 Bibliography .....	4-13
<b>5 Watershed Assessment</b>	
5.1 Overview of Watershed Assessment .....	5-1
5.2 Assessment Methods .....	5-4
5.3 Assessment Findings .....	5-6
5.4 Watershed Assessment Conceptual Model .....	5-14
5.5 Recommendations .....	5-15
5.6 Bibliography .....	5-21
<b>6 Recommended Actions</b>	
6.1 Process Used to Identify Actions .....	6-1
6.2 Recommended Actions .....	6-3
6.3 Recommended Policy-Related Actions .....	6-7
<b>7 Partnerships and Funding</b>	
7.1 Watershed Partners .....	7-1
7.2 Potential Funding Sources .....	7-2
7.3 Next Steps: Developing an Implementation Work Plan .....	7-6
7.4 Bibliography .....	7-6

## **8 Measuring Performance and Success**

8.1 Adaptive Management Process .....	8-1
8.2 Watershed Indicators, Targets, and Monitoring .....	8-2
8.3 Project Tracking and Reporting .....	8-5
8.4 Future Updates to the Plan .....	8-6
8.5 Bibliography .....	8-7

## **List of Acronyms, Abbreviations, and Glossary**

## **Appendices**

### **Figures**

1-1 Laguna Creek Watershed .....	1-2
1-2 Process for Development and Implementation of the Laguna Creek Watershed Management Action Plan .....	1-5
2-1 Laguna Creek Sub-Watersheds and Primary Tributaries.....	2-2
2-2 Municipal Planning Areas in the Laguna Creek Watershed .....	2-8
2-3 Representative Open Space, Conservation, and Important Farmlands in the Laguna Creek Watershed .....	2-9
2-4 Soil Types in the Laguna Creek Watershed.....	2-13
2-5 Land Use Cover, Vegetation Communities, and Habitat Types in the Laguna Creek Watershed .....	2-20
2-6 Map of CNDDDB Recorded Special-status Species Occurrences in the Laguna Creek Watershed .....	2-26
3-1 Trails Network.....	3-10
3-2 Envisioning the "Preferred Future" for the Laguna Creek Corridor.....	3-19
5-1 Water Quality and Bioassessment Sampling Locations.....	5-5
5-2 Observed Channel Stability Conditions in Laguna Creek.....	5-9
5-3 Laguna Creek BMI composite metric scores relative to other Sacramento County valley floor stream BMI .....	5-13
5-4 Conceptual Model Showing Impacts to Laguna Creek and Tributaries.....	5-16
6-1 Project Action Locations.....	6-6

### **Tables**

2-1 Tributaries to Laguna Creek.....	2-3
2-2 Vegetation Communities/Habitats and Percent Coverage in the Laguna Creek Watershed .....	2-19
3-1 Ownership and Management of Trails in the Laguna Creek Parkway.....	3-9
3-2 Results of the Laguna Creek Values Exercise.....	3-18
5-1 Types of Data Collected During Watershed Assessment.....	5-3
6-1 Summary of Recommended Actions for the Laguna Creek Watershed .....	6-4
8-1 Laguna Creek Watershed Objectives, Indicators, Targets, and Monitoring Procedures .....	8-3
